

# PRINT AT HOME INSTRUCTIONS

## INSTANT / DIGITAL DOWNLOAD PRODUCTS

### - | HOW TO PRINT | -

#### > AT HOME <

- Open up your file/s and print at home on your home printer using an A4 size page. (You can use other sizes but you want to make sure you select 'Actual Size' or '100% scale'.

- Be sure to select 'Actual Size' or '100% scale' so that the card is not scaled down in size.

- Carefully trim using a ruler and Stanley knife or scissors, using the crop marks as a guide where to cut.

(Greeting Cards) - Fold in half, or before trimming, use a ruler and a card scoring tool to score a fold line.

- Write in your card, put in a C6 envelope (not included), post or give your awesome card to the recipient (who we know will love it!)

(Milestone Cards) - Take some fun photos with your cards and share them on Instagram & Facebook - Don't forget to tag us!

#### > ONLINE <

- You can also upload your file online and have your print sent through the post using a professional online printing company such as Officeworks, etc, just be mindful of various different sizes used by different companies.

#### > LOCAL PRINTER <

- You can save your file/s onto a USB and take to your local printers, like Officeworks for a professional finish. We recommend using a card stock of 300gsm or more for a sturdy finished product.

### - | USE OF THIS DIGITAL FILE | -

- This product is for personal use only.

- You may print as many times as you like for personal use, but you must NOT use this file for commercial purposes.

- Do not share or resell this file or any printed copies (i.e. don't print any for anyone except yourself to use).

- All designs remain Copyright of Nutmeg Creative
